

IMPORTANT SAFETY MESSAGE – PLEASE READ

To Our Valued Customers:

At The Victors Gymnastics our highest priority is to keep your kids safe. Keeping kids safe goes well beyond avoiding physical injury. As a parent you must be confident that your child is safe from all physical, psychological and emotion harm. Unfortunately, the reality is that we live in a world with those who have no regard for a child's safety or well-being. We hear all too often of devastating news reports of child abduction, kidnapping, sexual abuse and worse. This is a very serious matter that we take seriously!

The Victors Gymnastics has taken the following proactive steps to keep your kids safe while at our gym:

- We have installed the latest technology in video surveillance equipment throughout the inside and outside of our gym facility.
- We do extensive background checks for all our employees.
- All staff members must be Safe Sport and Safety Certified by the IOC and USA Gymnastics.
- We provide parent viewing of all activities at all times in our lobby and via Spot TV.
- Gym policies prohibit staff to be alone at any time with a student.
- We perform regular equipment inspections, maintenance and new replacements.
- Our gym facility is Safe Sport compliant which is required by Federal law for USA Gymnastics Member Clubs like Victors.

In order for Victors to be Safe Sport compliant, only certified staff members are allowed down on the main gym floor during activities. You would be shocked at the number of convicted child sex offenders who reside in a community like ours throughout the country. Anyone "randomly" wondering around the gym could be a potential threat to your child's safety and well-being. Therefore, to avoid any confusion or incident **no parent or other adult is allowed down on the main gym floor during gym activities, except those who are registered to participate with their preschool student.** This policy enables our instructors to keep a focus on the safety of the kids without distraction. Most importantly this policy ensures that your child will be kept safe from an unwanted encounter with another adult. We ask for your understanding, cooperation and partnership in keeping all kids at The Victors Gymnastics safe. Thank you.

Sincerely,

Michael A. Mordenga
President and CEO
